Number #5 - 2024

CONTRACT TERMINATION RECOMMENDATION

Today, October 21, 2024, System Council U-4 held a meeting with all System Council Delegates from across the state. After receiving a recommendation from the System Committee to terminate the contract, the System Council Delegates unanimously voted to recommend the Membership to terminate the contract.

Each Local will now hold their own vote on whether to terminate or not. This is not a strike vote. This is part of the process when the Union and the company have not agreed to a new contract with the current contract expiring soon.

Please continue to work safely and be your Brother's Keeper.

Fraternally,
System Council U-4
System Committee
