

System Council U-4 Negotiation News

January 18, 2008

Volume #1 Number #1

The System Committee would like to thank the Membership for their participation in the Contract Proposal process. Your input in the form of proposals will provide guidance to the Officers and Delegates during the selection process at the upcoming System Council meeting in February.

The System Committee would also like to thank all the Locals for getting their proposal packages to the Council office in a timely manner. The Committee has worked diligently to put all the proposals together in one complete package which was mailed out to the Officers and System Council Delegates for their review in preparation for the System Council meeting.

The Delegates will use these proposal packages to select the proposals at the System Council meeting. The System Committee has identified the basics and they will be included along with the proposals selected by the Delegates and will be included in the final package presented to the Company in the upcoming negotiations. As a reminder to the Officers and Delegates, these documents need to be kept closely guarded so they don't end up in the wrong hands.

The System Committee would like to remind everyone to keep up the good work in Safety and would also like to wish everyone a safe and happy "Martin Luther King Holiday."
